```c
// Race Car
#include <stdio.h>
int main(){
    int u, a, t;
    scanf("%d %d %d", &u, &a, &t);
    printf("%d\n", u + a*t);
    printf("%d\n", u*t + (a*t*t)/2);
    return 0;
}
```
